Large-Scale Hazardous Materials Release Exercise, Lake County

Today, 05/05/16, there will be an exercise/drill simulating a hazardous material accident and exposure. The exercise will occur between 0900–1500 hours. There will be an increase in the presence of law enforcement, fire department and emergency medical services in the following locations; Hwy 53 and 18th Avenue in Clearlake (Old Airport), Sutter Lakeside Hospital, St. Helena Hospital, and in the area of Lakeshore and Olympic Dr. in Clearlake. There are no road closures planned at this time and the drill should not interfere with the public.

The following agencies will be participating in the exercise/drill; United States Air Force, California National Guard 95th Civil Support Team, Lake County Sheriff's Office/Office of Emergency Services, Lake County Public Health, Lake County Fire Protection District, Radiological Assistance Region 7, Lake Transit, Department of Energy, St. Helena Hospital, Sutter Lakeside Hospital, Clearlake Police Department, California Highway Patrol, Northshore Fire Protection District, Cal-Fire, Southlake County Fire Protection District, and California Office of Emergency Services.

CAL OES MISSIONS

New Cal OES Missions

- **2016-LAW-22539, 05/4/16, 2245 hours** - AFRCC advised of a PLB activation at the Norman Mieta San Jose International Airport (KSJC) in Santa Clara County. The PLB registration data is 10 years outdated. LDO coordinated with AFRCC utilizing Civil Air Patrol personnel (CAP). CAP personnel notified AFRCC the PLB in San Jose has been located and silenced, non-distress. It was located buried adjacent to a hotel. **Mission Closed**

WEATHER OF CONCERN

Weather of Concern

Northern California:

- Wet weather on track today through Sunday as low pressure slowly moves across Northern California.
- Scattered storms may produce brief heavy rain and small hail mainly over higher terrain
- Locally heavy rain should also be expected, especially through Saturday.
- Recent burn scars, such as the Washington Fire, Alpine County, may produce debris flows if rain is heavy enough.
- All rivers will see increases, but no main stem river flooding is expected.
